SUMMARY

Second-year CS student at CMR Technical Campus specializing in backend systems, REST APIs, and real-time applications. Solved 350+ LeetCode problems (Rating 1720+, Top 15%). Contributed to Rocket.Chat (3 PRs merged) for GSoC '26 prep and participated in NSoC '26; selected for GSSoC '26 and SSoC '26.

TECHNICAL SKILLS

Languages: C, Java, Python, JavaScript

Web and Backend: Node.js, Express.js, Socket.IO, REST APIs, PHP, MySQL, HTML, CSS

Tools and Platforms: Git, GitHub, GitHub Actions, Render

Core Concepts: Data Structures and Algorithms, OOP, Real-Time Systems, Event-Driven Architecture

EDUCATION

CMR Technical Campus, Hyderabad | B.Tech, Computer Science and Engineering | CGPA: 8.84 / 10.0 | Expected: May 2028

PROJECTS

Open Chat Application | Node.js, Express.js, Socket.IO | [GitHub](#) | [Live Demo](#)

- Built a real-time WebSocket chat app; supports 100 concurrent users per room with configurable capacity and auto-cleanup on disconnect
- Implemented password-protected private rooms with in-memory session tracking; debounced typing indicators to eliminate redundant socket broadcasts
- Deployed on Render with a dark-themed responsive UI across desktop and mobile

LeetCode Grind Tracker | Python, PHP, MySQL, JavaScript | [GitHub](#)

- Automated daily submission fetching in Python into MySQL; PHP REST APIs power a dashboard tracking difficulty breakdowns, weak topics, and streaks
- Designed SQL views for per-topic performance analysis, enabling targeted practice based on actual weak areas

LeetCode Discord Reporter | Python, GitHub Actions | [GitHub](#)

- Deployed a zero-maintenance GitHub Actions pipeline with cron-job.org to auto-post daily LeetCode solves to Discord at 10:15 PM IST; open source and self-hostable in under 5 minutes

OPEN SOURCE

Rocket.Chat | TypeScript, Testing | GSoC '26 Preparation | [Merged PR](#)

- Raised 3 PRs in the message-parser module targeting edge cases and test coverage; all 3 consolidated into one PR merged with 10 contributors

NSoC '26 | Nexus Summer of Code | 5 PRs merged across open source projects targeting bug fixes and code quality

GSSoC '26 (GirlScript Summer of Code) | **SSoC '26** (Social Summer of Code) | Selected as contributor for both programs

COMPETITIVE PROGRAMMING

- **LeetCode:** 350+ problems | Rating 1720+ | Top 15% | 40+ contests
- **CodeChef:** 170+ problems | 2 Star | 20+ contests
- **SmartInterviews:** Rank 3868 / 53,919 (Top 7%) | 170+ problems solved

CERTIFICATIONS AND ACHIEVEMENTS

- Technovanza 5.0 Hackathon: selected for Smart India Hackathon (SIH) 2025 at CMR Technical Campus
- C Programming Certification, Spoken Tutorial, IIT Bombay
